Burbank, California
Contract SP-1920

TO : Contracting Officer

REF : DPD-4861-60

1. A review has been made of the residual inventory listings submitted by the Contractor after completion of the subject contract. It was found that the Tooling List - Part IV, dated 2 May 1960 contained several errors. Following the Auditor's recommendations, the Contractor prepared a revised tooling list dated 21 July 1960. This revised listing, which was found by the Auditor to be correct, has been delivered to the Contracting Officer.

2. Property accountability has now been accomplished under the contract in a satisfactory manner.
